

# **“Doing Fine”**

*Written by Ryan Kinder, Justin Morgan, Jordan Ostrom*

## *Verse 1 (Ryan)*

I tried to hate you  
But I knew that wouldn't last  
Hard moving forward  
When you're always looking back  
Trying to find where we went wrong  
Forever didn't take too long  
I tried to hate you, but I know I ain't that strong

## *Chorus (Ryan + Sykamore)*

I hope you have to lie when someone asks you how you're doing  
You tell 'em you're alright but you're barely getting through it  
It's easier if we hurt the same, if you're a wreck when you hear my name  
I need your heart to break like mine  
I'm not ok if you're doing fine

## *Verse 2 (Sykamore)*

Don't wanna be friends  
That only hurts more  
When you're off the deep end  
Keeping one foot on shore  
I'm holding out to see if you  
Are miserable like I am too  
And it just might make me a fool

## *Chorus (Ryan + Sykamore)*

I hope you have to lie when someone asks you how you're doing  
You tell 'em you're alright but you're barely getting through it  
It's easier if we hurt the same, if you're a wreck when you hear my name  
I need your heart to break like mine  
I'm not ok if you're doing fine

## *Chorus (Ryan + Sykamore)*

I hope you have to lie when someone asks you how you're doing  
You tell 'em you're alright but you're barely getting through it  
It's easier if we hurt the same, if you're a wreck when you hear my name  
I need your heart to break like mine  
I'm not ok if you're doing fine
